Professional Consulting Services
Request for Qualifications
November 2, 2018

Submit to:

Travis Carter, Planning & Development Director
Valley City Hall
PO Box 186
20 Fob James Drive
Valley, AL 36854

RFQ DUE DATE: November 20, 2018

I. Introduction

The City of Valley invites interested parties to submit statements of qualification and experience to provide environmental and engineering consulting services for the City's Brownfields program.

The City is seeking to retain a firm or team with documented experience providing:

- Brownfields grant writing for EPA programs
- Phase I & II Environmental Site Assessments (ESAs)
- Cleanup planning and remediation design
- Grant programmatic assistance
- Community engagement support
- Other services related to EPA Assessment and Cleanup Grants

The resulting contract will be for a duration of three years, and the City may amend or extend this contract beyond the initial three years to accommodate the terms and conditions of any future EPA grants awarded to the City.

The selected consultant will provide support in the identification of potential funding sources and will assist the City in the researching, writing, and submission of grant applications.

The goal of the City is to select an environmental consulting firm to partner with the City from the beginning all the way to completion of the project.

The objectives of the City and this RFQ are to complete the following:

- Assisting the City with grant writing, implementation, and management of the Brownfields Project and Grant Program
- Identify and pursue future Brownfields funding and resources
- Encourage community involvement in the Brownfields process
- Leverage state brownfields program benefits
- Prepare a plan to remove construction debris from site
- Assist the city in a redevelopment plan for the property

Statements of Qualifications are due no later than 4:00 p.m. EST, on November 20, 2018. Submissions may be hand delivered to the City or sent by US Mail or private courier.

Note: Questions regarding this RFQ must be submitted in writing to Travis Carter at tcarter@cityofvalley.com, no later than close of business by November 13, 2018.

II. Scope of Work

All anticipated and future work performed by the selected firm will be in compliance with EPA grant Terms and Conditions. The consultant will be expected to perform the following tasks on an as-needed basis:

- 1. Grant Preparation and Administration:** The consultant will be asked to take the lead in the preparation and submission of an EPA Assessment and or Cleanup Grant(s) application (s) with input and review by the City. Included in this task is the collection of data required in the grant application(s), meeting with existing community groups and assisting in the identification of potential properties or areas to be included in application(s). Once grants have been awarded, the consultant will, with the City's help and guidance, provide grant management and implement the grant project.
- 2. Site Characterization and Assessment Activities:** As part of the work, the consultant will be asked to complete Phase I and Phase II Environmental Assessments reports. Included in this task is development of the following plans:
 - a. Generic Quality Assurance Project Plan (QAPP)
 - b. Site specific Quality Assurance Project Plans (SS-QAPPs)
 - c. Health and Safety Plans (HASP)
 - d. Site investigation reports
- 3. Community Involvement Assistance:** The consultant will be asked to support the City in public involvement and community outreach activities to ensure that the community concerns are considered and addressed in the assessment planning and execution of the projects. The following activities may be included:
 - a. Develop a community engagement plan that details a strategy for involving the community in Brownfields activities
 - b. Conduct public meetings and hearings to solicit community interest and provide educational information
 - c. Develop and implement effective methods of communication information about the Brownfields Program to the public (website, information sheets, mailings, etc.)

d. Meet with land owners, developers and any other stake holders interested in Brownfields development.

4. **Cleanup and Development Planning:** The Consultant will be asked to complete site-specific cleanup and redevelopment planning documents, including Analysis of Brownfields Cleanup Alternatives (ABCA), site remediation work plans, conceptual redevelopment site plans, etc. In addition, the Consultant may be asked to conduct community visioning sessions, charrettes, and/or workshops to solicit input and generate redevelopment options regarding the redevelopment of specific properties. The Consultant may also assist in the negotiation of brownfield agreements with the state regulatory agency.
5. **Other Brownfield Related Duties:** Other duties may be required for a successful program, but have not been anticipated in this call for services.

III. Response Format/Evaluation Criteria

One (1) original and four (4) copies of the statements of qualifications and experience shall be submitted in addition to one electronic copy on a CD or flash drive. The submittal shall include a cover letter, not to exceed two pages and not considered part of the narrative.

The proposal narrative shall be no longer than 15 pages and shall include the information outlined below, excluding any required forms. Required forms will not be required in the referenced page count.

To ensure fair and equitable evaluation, proposals must be organized into the following separate sections.

1.0 Experience and Capacity

The response shall include a summary of the following:

- History of the firm's experience providing Brownfields services as described herein
- Brownfields grant writing experience and success rate
- Brownfields grant programmatic experience/capacity
- Description of the firm's organizational structure and the names and experience of key individuals who will be involved in the successful execution of the grant funded Project. The response shall include an organization chart

- Documented experience working with EPA Brownfields Project Officers and State regulatory agencies
- Disclosure of any potential conflicts of interest
- Documentation of insurance

2.0 References

The response shall include at least four (4) references for similar services that have been provided by your firm and the dates of service. Please include the reference name, company, email address, and phone number. Also, include a description of the services provided.

3.0 Proposed Methodology

A description of how the firm will complete the scope of work described herein. Include a description of the relevant services provided by you firm. Finally, include a concise statement of why your firm should be selected by the City.

4.0 Fee Schedule

The response shall include an hourly fee rate schedule, and will specify a proposed mark-up for subcontractors. Any budgetary assumptions must be stated in the submission. Fee schedule response shall be sealed in a separate envelope and noted as "Fee Schedule" on the outside of the envelope.

IV. Selection Criteria

The responding firms will be evaluated on the following criteria:

- Experience and ability to complete the work (20%)
- Demonstrated Brownfields experience including successful grant writing and administration along with a demonstrated ability to work with EPA and State Agencies (20%)
- Approach and understanding of the scope of work (15%)
- Proven track record of community engagement (10%)
- Ability to comply with Federal Grant Requirements (CFR) (10%)
- Environmental assessment experience (10%)
- Quality of performance on similar projects (10%)
- Fee Schedule (5%)

Oral presentations to the City may be requested. The request for an oral presentation shall in no way constitute acceptance or imply that an agreement is pending. The City reserves the right to award this opportunity based on the initial RFQ response without oral presentations. The City will only select one firm under this request for qualifications.

The City reserves the right to reject any and all responses and to make an award that is in the best interest of the City. Firms not selected will be notified in writing by the City.
